What Participants Say About This Course

This was my second C.E.L.forpharma course, after the excellent company valuation course. It was quite excellent – most informative and helpful. I wish I had taken the course 5 years ago!”

Dr. Roger Cox is clearly a visionary! He leads the course in such a way that we literally found ourselves in workshops that were like “real life” licensing negotiations! We could not get enough of the simulations and we also had a chance to work on a very detailed NPV spreadsheet before the commercial negotiations, which got us deep down to the core of it like a finance professional. I feel so lucky that I had the chance to follow Dr. Cox's course and to meet with such professional attendees.”

Relevant content that was directly applicable to a business negotiation I am currently working on in the “real world”. Appreciated the dynamic and experienced colleagues and instructor and especially the small-class, interactive format. Ready for the next course!”
